### Realizing Compact, Increasing Functions!

We have developed a Miniaturized SHS* (Super Hybrid Sensor) to achieve a highly compact precision balance, which is 40% lighter and 47% smaller than our GF series with a 25% smaller footprint, while maintaining A&D’s superior weighing functions. *Patent Pending

#### WX-i

#### Response Indicator Function

Selectable FAST, MID or SLOW response to suit weighing environment conditions

#### Comparator Function

Easy to compare weighing results by setting HI limit and LO limit to display HI,OK,LO indicator

#### ACAI – Automatic Counting Accuracy Improvement

This counting function recalculates the average unit weight each time a sample is added to eliminate errors caused by variations in unit weight

#### Percent Mode Function

A sample can be registered as 100% and the weight of another sample can be compared as a percentage
**B5 Size Footprint**
Ideal for installation and use in narrow spaces

**Compact SHS–1 Second Stabilization**
Quick stabilization speed with accurate weighing for better productivity

**Shock Absorber Function***
The internal shock absorber protects the SHS from the adverse effects of vertical or transverse overloading.  *Patent Pending

**Quick USB Interface (FXi-02)**
Easy-to-use optional USB interface, with no driver installation necessary, for transfer of weighing data to a computer (applicable OS – Windows 98 OSR2 or later)

**SCF–Statistical Calculation Function**
Can display and/or output statistical calculation data as No. (number of data), SUM (total), MAX (maximum), MIN (minimum), R [range (maximum – minimum)], AVE (average), SD (standard deviation) and CV (coefficient of variation)

**LAN–Ethernet Interface (FXi-08) with WinCT-Plus Software**
WinCT-Plus software makes it possible for the user to easily set up an IP address, subnet mask etc. The user can also send commands for control and acquisition of data from multiple FX-i balances.

**Note:** Ethernet Hub and cables must be provided by end-users

---

**Animal Weighing Function**
The HOLD function enables freezing of weighing data for animal weighing applications and an ANIMAL indicator appears on the display

**Standard RS-232C Interface**
Incorporates bi-directional communication with a PC, printer or other peripheral devices

**Underhook**
The underhook, for hanging applications, allows for measurement of magnetic materials and density measurements in air and water

**Multiple Weighing Units of Measurement**
Programmable or standard weighing units of measurement can be selected; g, pcs, %, oz, lb, l oz, ozt, ct, mom, dwt, GN, tl, tol, mes and MLT
The World’s First IP65 Compliant, Water / Dust Proof Precision (1mg) Balance!

Yet another breakthrough from A&D enabling the measurement of liquid or powder at 1mg resolution, eliminating any worries about damage to the balance.

FX-120iWP 122gx1mg
FX-200iWP 220gx1mg
FX-300iWP 320gx1mg
FX-1200iWP 1220gx10mg
FX-2000iWP 2200gx10mg
FX-3000iWP 3200gx10mg

GLP/GMP/GCP/ISO Compliant
In accordance with GLP and LIMS regulations, the balance ID number and calibration data can be printed out using A&D’s AD-8121B or a PC.

Auto Power ON Function
The weighing mode display activates automatically with AC power so there is no need to press the ON/OFF key.

Auto Power OFF Function
The display switches OFF automatically when the balance is inactive for 10 minutes as a power-saving tool.

Built-in Rechargeable Battery (FX-i-09)*
An optional Ni-MH rechargeable battery pack can be fitted into the FX-i series for use without AC power and for mobile applications (10 hours charging time for 8 hours operation)

* Not IP65 compliant when used with FX-iWP
Highly Visible Display

Firmly Sealed Pan Support

Water Proof RS-232C Cable (optional)

Large Breeze Break (optional)

The small breeze break comes as standard with the FX-120i(WP), FX-200i(WP) and FX-300i(WP), which are all 1mg resolution models.

IP65 means that this kind of measurement is possible.

### Options

- **FX-02** Quick USB interface with cable
- **FX-08** Ethernet interface with WinCT-Plus software
- **FX-09** Built-in rechargeable battery
- **FX-10** Small breeze break
- **FX-11** Large breeze break
- **FX-12** Animal weighing pan
- **FX-15** Carrying case

*FX-02, FX-08 and FX-09 cannot be used at the same time.
*(Not IP65 compliant when used with FX-WP)

### Accessories

- **AD-1683** Static eliminator
- **AD-8920** Remote display
- **AD-8922** Remote controller
- **AD-8121B** Compact printer
- **AD-8526** RS/Ethernet converter
- **AX-CARATPAN** Carat pan
- **AX-KO2737-500-FX** Waterproof RS-232C cable (5m)

*Not IP65 compliant when used with FX-WP*
